

INDIAN ELECTRIC COOPERATIVE, INC.

POSITION DESCRIPTION

Line Clearance Tree Trimmer Apprentice

Department: Operations
Reports to: Line Clearance Tree Trimmer Foreman
Responsible for: Non-Supervisory Position

I. SPECIFICATIONS

Education: High-school graduate or proof of equivalency required.

Experience: Line Clearance Tree Trimmer Apprentice Level I

Must have basic knowledge of Right-of-Way work including proper equipment and tool handling and basic chainsaw knowledge and repair. Should have basic knowledge of chipper safety, use and inspection. Experience in removal of vegetation around power lines, power line construction and electrical equipment is preferred. Possessing a Certified Applicators License (herbicide) is highly preferred.

Line Clearance Tree Trimmer Apprentice Levels II, III

Must successfully complete the training required for Line Clearance Tree Trimmer Apprentice Level I, and be fully qualified to meet all job requirements of the respective classification.

Abilities and Skills: Functions include, but are not limited to, providing skills necessary to clear and maintain right-of-way to provide a reliable electric system; working with individuals and groups; submitting reports as required; and explaining programs and policies of IEC to potential consumers. Apprentice will be required to understand applicable job requirements of each class. Apprentice will be expected to learn new techniques and procedures, including the operation of specialized equipment. Apprentice must live within forty-five driving minutes of the cooperative headquarters and must have and maintain an Oklahoma Class A driver's license with a Tanker endorsement or can obtain one within 6 months. Must be familiar with, and adhere to, the manufacturers' recommendations for care, maintenance, safe use, and safe working load limits of tools and equipment while used in ROW. Must be certified in First Aid, CPR and AED or can become certified within one year.

Working Conditions: Outside work in all kinds of weather. Must be willing to be on-call in inclement weather and during emergency conditions. Must be willing to attend courses relating to his/her area of work.

II. RESPONSIBILITIES AND DUTIES

The Line Clearance Tree Trimmer Apprentice position is an accumulative progression of training and experience. All activities follow the program's objective; namely, the provision of specialized technical skills used in constructing, operating, and maintaining a reliable electric system for members. Specific responsibilities and duties include the following:
