

Smart Thermostat Program

An Energy Saver Program by IEC

Smart Thermostat Program Agreement

General Information

Thank you for participating in the Smart Thermostat Program ("**Program**") offered by Indian Electric Cooperative ("**IEC**"). This incentive-based program allows members to earn bill credits by permitting small, temporary thermostat adjustments ("**Adjustment Event**") during peak demand periods.

Terms & Conditions

This Agreement and participating IEC members are subject to IEC's Terms and Conditions of Service, rates, and applicable requirements and policies. By enrolling in the Program, you agree to comply with the terms outlined below.

- 1. Consent and Capacity.** Participating members must be at least 18 years old and provide accurate information. Participation is voluntary and may be canceled by the participating member or IEC at any time.
- 2. Eligibility.** Participating member must have an active IEC account in good standing, a qualifying smart thermostat approved by IEC and its vendor (Emulate), and a reliable internet connection.
- 3. Incentives.** Participating member will receive a \$75 one-time bill credit upon enrollment and a \$25 bill credit each calendar year of participation if actively enrolled at year-end. Members who opt out of more than three (3) Adjustment Events during a calendar year may forfeit associated incentives.
- 4. Device System Performance.** If the member's thermostat becomes non-functional or disconnected, the member has 30 days to correct the issue or may be removed from the Program.
- 5. Device Adjustment.** Member grants IEC permission to temporarily adjust thermostat settings by approximately 2–4 degrees during peak demand periods, generally in June–August and December–February. Adjustment Events will not exceed four (4) consecutive hours in duration. Notice will be provided when possible.
- 6. Data Access.** Member agrees to allow IEC and its vendor to access energy usage and device data necessary for program operation and verification.
- 7. Enrollment and Term.** This Agreement becomes effective upon enrollment and remains in effect until terminated by the member or IEC.
- 8. Member Participation.** Members may opt out of individual Adjustment Events; however, members who opt out of more than three (3) Adjustment Events during a calendar year may be subject to removal from the Program and forfeiture of associated incentives.
- 9. Liability.** IEC is not responsible for equipment malfunction, comfort impacts, or changes in electric bills.
- 10. Vendor.** IEC may utilize a third-party vendor (Emulate) to administer portions of the Program.

11. **No Guarantee.** Participation in the Program does not guarantee energy savings or bill reductions.

12. **Program Modification and Termination.** IEC reserves the right to modify, suspend, or terminate the Program at any time.

13. **Governing Law.** This Agreement shall be governed by the laws of the State of Oklahoma.

Smart Thermostat Program

An Energy Saver Program by IEC

Member Enrollment

- I have a qualifying smart thermostat connected to the internet.
- I understand Adjustment Events will involve adjustments of 2–4 degrees during peak months.
- I understand Adjustment Events will occur during peak demand periods, generally in June–August and December–February.
- I understand Adjustment Events will not exceed four (4) consecutive hours in duration.
- I understand I may opt out of Adjustment Events but that opting out of Adjustment Events more than three (3) times during a calendar year may remove me from the Program.
- I agree to IEC's Terms and Conditions of Service, rates, and applicable requirements and policies.
- I agree to the Terms and Conditions of the Smart Thermostat Program.
